Project: Bright Minds

Software Design Specification

Class ID	Class Name	Description & Responsibility
1	Account	(Abstract class) Every user has account to enter web site
2	Teacher	User can try game , respond to comments , create game , edit game and remove game
3	Student	User can play game , comment on game and rate game
4	Game	Every category has a collection of games. Every game has type like MCQ game and true/false game
5	Student(interface)	The screen which enables a student to communicate with a web site
6	Teacher(interface)	The screen which enables a teacher to communicate with a web site
7	Game(interface)	The screen which enables a user to deal with game easily
8	Student DB	Collection of data about students
9	Teacher DB	Collection of data about teachers
10	Game DB	Collection of data about games
11	Controller	It controls the communication between interface and database
